

Dear FCC:

I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM Radio provides me with variety and quality that are not available to me on over the air radio stations. Since I choose to pay for these services, it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I am opposed to HR 4026. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I have chosen.
